

Calling All  Shark Families!

Burgundy and Gray *Shark Week* is just around the corner. Similar to everything else in recent months, we have had to rethink many things! WE NEED YOUR HELP!

As we work to build a successful fundraising event benefitting our students and our school, we are faced with the challenge of soliciting businesses that have suffered greatly due to COVID-19 restrictions and circumstances from the ongoing fires.

As members of the St. Francis family, we want to be part of strengthening our community and fostering resiliency that happens when we all come together in support of one another. Just as a single drop of water makes a splash, a small gesture of generosity can make a big difference!

Our Burgundy & Gray team has compiled a list of local businesses that have continuously supported SFHS over the years. In support of our local community, we have created a “shopping list” for our auction event that can be found on our [SignUpGenius page](#) on our school website. When donating items to our auction in this way, know that you will be supporting our partnership businesses in their time of need.

We are asking each family to:

- **Log into SignUpGenius and browse the list of items needed for our fundraiser.**
- **Purchase an item - *or two* - from these businesses as a donation to our auction.**
- **Earn Service Hours (For every \$40 value you spend, you'll receive 1 service hour.)**
- **Leave our *SharksSupportYou* Calling Card when you make your purchase!**

IMPORTANT

**Please print copies of the attachment.
Take them with you when making your purchase!**

In addition to using our [SignUpGenius link](#) to make your donation, please consider asking local businesses that you frequently support or with whom you may have a personal connection for a donation, or even a matching donation. Additional procurement letters for business are available on the [B&G link](#). (1 service hour can also be earned for your efforts in procuring items). All *donations can be dropped off* at SFHS during office hours.

Together, we can do great things!

Thank you,
SFPA - Burgundy & Gray Shark Week Team
